Universe Testing Laboratory & Consultancy Services

Established in Coimbatore in 2025, was founded with the objective of delivering superior-quality, reliable, and sustainable solutions in the areas of food, water, agriculture, and environmental products.

We serve as a one-stop destination for scientific research and analytical testing, ensuring product standards at every phase of the development cycle by leveraging cutting-edge technology and adhering to national standards.

As one of the fastest-emerging testing laboratories in Coimbatore, Universe Testing Laboratory is committed to upholding hygienic practices and statutory regulations for a broad range of food and water products—critical elements for public health and safety. Our facility is equipped with advanced instrumentation and technology that meet the latest regulatory norms.

In addition to testing services, we actively educate and raise awareness among manufacturers, establishments, and distributors about the importance of product analysis. We are dedicated to delivering scientifically accurate test results with precision, competitive pricing, and efficient turnaround times.

As a trusted partner since 2025, we emphasize accuracy and integrity in every test we perform, safeguarding public health and enhancing food safety standards.

Management

We are committed to delivering comprehensive quality assurance solutions for businesses across all stages of production and throughout the entire value chain. Our services are designed to meet national regulatory standards while helping our clients maintain the highest levels of safety, hygiene, and product integrity.

Our Mission

At Universe Testing Laboratory, we provide accurate and dependable testing services for food, water, and environmental products helping businesses deliver safe, high-quality products to consumers. With competitive pricing and fast turnaround times, we make quality assurance accessible and efficient.

We also work closely with manufacturers, suppliers, and dealers to promote awareness of safety, hygiene, and shelf-life, while building a team of highly skilled professionals dedicated to setting new standards in analytical testing.

Our Vision

To be the most trusted and preferred partner in quality assurance, recognized as the leading destination for comprehensive analytical testing solutions.
